

On the Cutting Edge of Ministry

Living at the end of the church age means, **it's harvest time** (Matthew 13:39)! As part of His global strategy, God has something specific in mind for the nearly 60% of the world's population that lives in Asia. As part of what God is doing, Ambassador Ministries works to bring the gospel to tribal people in Southeast Asia.

Beginning in 2003, Ambassador Ministries began sending divine healing teams to minister in tribal villages in Southeast Asia. These teams have witnessed Jesus heal thousands of people from virtually every kind of physical sickness, disease and infirmity. **As the blind see, the deaf hear, the lame walk and cancers dissolve, joy abounds among the people! Tribal people give their lives to Jesus, churches are planted and the Kingdom is enlarged.** *The exciting part is, it's not high profile ministers that God is using — but ordinary Believers, just like YOU!*

RIGHT NOW in China, an effective door is open to minister among unreached people groups, through healing the sick according to the commands of Jesus (e.g. Matthew 10:8 & Mark 16:15). Because we work with local ministries, as people respond to the gospel, trained workers are ready to disciple believers and help establish them in churches.

While you minister the gospel, you'll enjoy some of the most beautiful and exotic scenery on earth.

In June of 2010, Ambassador Ministries is planning an outreach to southern China with a two-fold team strategy: 1) Team A will ride mountain bikes into remote villages of unreached peoples. Mountain biking affords the maximum amount of freedom to pray, preach and lay hands on the sick. 2) Team B* will travel to tribal villages by bus to minister to the sick, strengthen churches, and engage in intercessory prayer walks. **Either way, YOU can help change your world!**

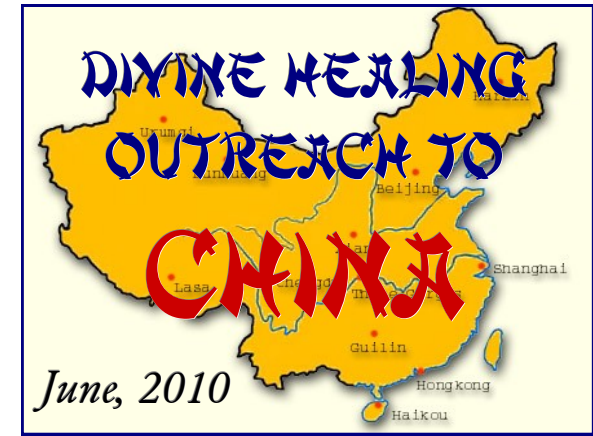

** Provided there is sufficient interest for a 2nd team.*

China Healing Outreach June 2010 Application & Response Form

Objective

The purpose of this Healing Outreach is to bring the gospel of Jesus Christ to the people of southern China. *Just like with our other healing outreaches, we expect hundreds or even thousands will be healed, delivered and saved!*

Our experience has shown that as we fulfill this objective in the power of the Holy Ghost, new villages are rapidly evangelized, the church is enlarged and strengthened, and those who participate are forever changed!

Ambassador Ministries China Outreach Team, March 2007

Rationale

Surprisingly, Westerners are often some of the best evangelists to the Chinese, who want to take every opportunity to practice their English or learn about life in the West. Mountain bikes allow team members to travel into rural areas "undetected," giving them great freedom. Over 70% of the Chinese people live in rural areas, yet most short-term outreaches target the urban areas. This healing outreach is targeted to rural areas.

What to do NOW

- PRAY about going!
- Return an application form right away.
- If you cannot go, support this outreach with your prayers and finances.

Two Outreaches in One

Because so much work needs to be done, there are two different doors for outreach. Those who can't ride mountain bikes will be asked to travel to tribal villages for several days to minister to the sick, share the gospel, encourage Believers and engage in intercessory prayer walking. Those riding mountain bikes will be directed to unreached tribal areas. Experience has shown this strategy to be very effective, therefore we strongly encourage all who can to ride the bikes. Both teams will meet together during the outreach time for debriefing and corporate worship.

Who Should Come

If you have a heart for the lost around the world, are trained in ministry to the sick (or are willing to receive training), desire to be used of God in a greater way and are willing to work as a team, *this outreach is for YOU!*

Note: Those we do not know may be asked for a letter of recommendation from their pastor.

This 4 year old girl in a Jingpo tribal village had never walked nor spoken, but after prayer, she began to walk and spoke her first words!

On every healing outreach, team members see many miracle healings, plus many saved. You will, too!

This man in a Deang tribal village was deaf until hands were laid on him for healing in the Name of Jesus. Now he hears perfectly!
